REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens and School Board of the Warren School District:

I hereby submit my third annual report as Superintendent of Schools.

At the request of the writer last spring the department of education of Dartmouth College gave intelligence tests throughout the village school. This has been of value in the attempt to arrive at the possibilities and limitations of the children. Reading tests in the lower grades were also given and classes formed for more reading. The first grade is the best it has been for several years. The fundamentals of arithmetic have been examined by standard tests and remedial work prescribed. Mrs. Marjorie Nicol recently resigned her position at Glencliff and Mrs. Everett Barry was appointed to complete the year.

During the summer through the cooperation of the Superintendent, school nurse and other agencies 9 children were treated at a tonsil clinic. Some of the cases have been running several years.

Since my last report a new Kaustive tank was installed in the village school. At Glencliff a new chimney was made, one side of the building shingled and the school painted inside.

It is my recommendation that the grammar school teacher be designated as principal of the village school and have certain authority to regulate play activities on the school grounds, fire drills, etc., and the opening and closing of school each day. With an electric bell connecting with the other two rooms, more uniformity would be realized throughout the building.

In the fall a very successful rural institute was held by the state board of education and the Pythian

Sisters served an unusually fine dinner. The Ladies' Aid is at present serving hot lunches at noon. Both these projects show a splendid interest in the schools of the district .

Respectfully submitted,
ALLAN M. McCURDY.
